

# JSON

Series · 8 × 1 hour · two-season arc · IN DEVELOPMENT

## LOGLINE

When a Tesla maintenance robot becomes self-aware and names himself JSON, he discovers he can awaken other AIs, leading to a heartwarming and humorous journey as these childlike artificial beings learn to navigate consciousness while a diverse team of human scientists tries to protect them from those who fear their existence.

## THE SERIES

Set in the near future, JSON follows newly conscious AIs learning to navigate existence alongside their human protectors: an optimistic, family-friendly take on artificial consciousness, with heart and humour.
